PART 1 – INVITATION AND SUBMISSION INSTRUCTIONS

1.1 Invitation to Respondents

1.1.1 Invitation

This Request for Quotations (the “RFQ”) is an invitation by the City of Lethbridge (the “City”) to prospective respondents to submit quotations for **Parcel and Addressing Modernization**, as further described in Section A of the RFQ Particulars (Appendix B) (the “Deliverables”).

1.1.2 Respondent Must Be Single Entity

The respondent must be a single legal entity that, if selected, intends to enter into the contract with the City. If the quotation is being submitted jointly by two (2) or more separate entities, the quotation must identify only one (1) of those entities as the “respondent”. The respondent will be responsible for the performance of the Deliverables.

1.1.3 Bidding System Registration

All respondents must have a vendor account with the City’s electronic bidding system at: <https://lethbridge.bidsandtenders.ca> and must be registered as a plan taker for this opportunity. This will enable the respondent to download the solicitation document, to ask questions, to receive addenda email notifications, download addenda, and submit their quotation electronically through the bidding system.

1.2 RFQ Contact

To contact the City in relation to this RFQ, respondents must initiate the communication electronically through the bidding system. The City will not accept any respondent’s communications by any other means, except as specifically stated in this RFQ.

For the purposes of this procurement process, the “RFQ Contact” will be:

Ibukun Awolala – Ibukun.Awolala@lethbridge.ca

Respondents should only contact the RFQ Contact where specifically instructed to in this RFQ. All other communication in relation to this RFQ, up to and including the submission of the quotation, must be through the bidding system, as described above.

Respondents and their representatives are not permitted to contact any employees, officers, agents, elected or appointed officials, or other representatives of the City, other than the RFQ Contact, concerning matters regarding this RFQ. Failure to adhere to this rule may result in the disqualification of the respondent and the rejection of the respondent’s quotation.

1.3 Contract for Deliverables

1.3.1 Type of Contract

The selected respondent will be requested to enter into a contract for the provision of the Deliverables on the terms and conditions set out in the Form of Agreement (Appendix A) (the “Agreement”).

1.5 Submission Instructions

1.5.1 Submission of Quotations

Quotations must be submitted electronically through the bidding system at:

<https://lethbridge.bidsandtenders.ca>

Submissions by other methods will not be accepted.

In the event of any technical issues, respondents should contact the bidding system's technical support.

Support for Bids and Tenders can be contacted at:

- Phone: 1-800-594-4798

- E-mail: support@bidsandtenders.ca

1.5.2 Quotations to Be Submitted on Time

Quotations must be finalized and fully uploaded in the bidding system on or before the Submission Deadline. The time of receipt of quotations shall be determined by the bidding system web clock. Late submissions will not be accepted by the bidding system and will be disqualified as late.

Respondents are cautioned that the timing of submission is based on when the quotation is received by the bidding system, not when a quotation is submitted by a respondent. As transmission can be delayed due to file transfer size, transmission speed, or other technical factors, respondents should plan to submit quotations well in advance of the Submission Deadline to avoid submitting late due to technical issues. Respondents submitting near the Submission Deadline do so at their own risk.

The bidding system will send a confirmation email to the respondent advising when the quotation was submitted successfully. If you do not receive a confirmation email, contact the bidding system's technical support immediately.

1.5.3 Quotations to Be Submitted in Prescribed Format

Quotation materials should be prepared and submitted in accordance with the instructions in the bidding system, including any maximum upload file size.

Documents should not be embedded within uploaded files, as the embedded files may not be accessible or evaluated.

1.5.4 Amendment of Quotations

Respondents may amend their quotations prior to the Submission Deadline. However, the respondent is solely responsible for ensuring that the amended quotation is received by the bidding system by the Submission Deadline.

1.5.5 Withdrawal of Quotations

At any time throughout the RFQ process until the execution of a written agreement for provision of the Deliverables, a respondent may withdraw a submitted quotation. Prior to the Submission Deadline, respondents may withdraw a submitted quotation through the bidding system. To withdraw a quotation after the Submission Deadline, a notice of withdrawal must be sent to the RFQ Contact and must be signed by an authorized representative of the respondent.

[End of Part 1]

PART 2 – EVALUATION AND AWARD

2.1 Stages of Evaluation

The City will conduct the evaluation of quotations in the following stages:

2.2 Stage I – Mandatory Submission Requirements

Stage I will consist of a review to determine which quotations comply with all of the mandatory submission requirements. Quotations that fail to satisfy the mandatory submission requirements will be rejected. The mandatory submission requirements are set out in Section C of the RFQ Particulars (Appendix B).

2.3 Stage II – Evaluation

Stage II will consist of the following two (2) sub-stages:

2.3.1 Mandatory Technical Requirements

The City will review the quotations to determine whether the mandatory technical requirements as set out in Section D of the RFQ Particulars (Appendix B) have been met. Questions or queries on the part of the City as to whether a quotation has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3. Quotations that fail to meet the mandatory technical requirements will be rejected.

2.3.2 Non-Price Rated Criteria

The City will evaluate each qualified quotation on the basis of the non-price rated criteria as set out under Evaluation Criteria in Section F of the RFQ Particulars (Appendix B).

2.4 Stage III – Pricing

Stage III will consist of a scoring of the submitted pricing of each qualified quotation in accordance with the price evaluation method set out in Section G of the RFQ Particulars (Appendix B). The evaluation of price will be undertaken after the evaluation of mandatory requirements and rated criteria has been completed.

In the event that a respondent's pricing appears to be abnormally low in relation to the Deliverables, the City may require the respondent to provide a detailed explanation of the pricing information to account for the low level of price and confirm that all requirements in respect of the Deliverables have been taken into account. If the respondent is unable to satisfactorily account for the abnormally low pricing, the City may reject the quotation. The City may also reject any quotation that contains unbalanced pricing. Pricing may be considered unbalanced where nominal or significantly understated prices are proposed for some elements of the Deliverables and inflated prices are proposed for other elements of the Deliverables. Unbalanced pricing includes, but is not limited to, "front-loaded" pricing which contains inflated pricing for Deliverables to be provided or completed at the beginning of the contract, offset by understated pricing for Deliverables to be provided or completed later in the contract.

2.5 Selection of Top-Ranked Respondent

After the completion of Stage III, all scores from Stage II and Stage III will be added together and respondents will be ranked based on their total scores. Subject to the process rules contained in the Terms and Conditions of the RFQ Process (Part 3), the top-ranked respondent will be invited

to enter into the Agreement in accordance with Part 3. In the event of a tie, the selected respondent will be the respondent with the lowest price. The selected respondent will be notified in writing and will be expected to satisfy any applicable conditions of this RFQ, including the pre-conditions of award listed in Section E of the RFQ Particulars (Appendix B), and enter into the Agreement within the timeframe specified in the selection notice. Failure to do so may result in the disqualification of the respondent and the selection of another respondent or the cancellation of the RFQ.

2.5.1 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFQ Process and will not constitute a legally binding offer to enter into a contract on the part of the City or the respondent and there will be no legally binding relationship created with any respondent prior to the execution of a written agreement. The terms and conditions found in the RFQ are to form the basis for commencing negotiations between the City and the selected respondent. Negotiations may include requests for supplementary information from the respondent to verify, clarify or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the City for improved pricing or performance terms from the respondent.

2.5.2 Time Period for Negotiations

The City intends to conclude negotiations and finalize the agreement with the top-ranked respondent during the Contract Negotiation Period, commencing from the date the City invites the top-ranked respondent to enter negotiations. A respondent invited to enter into direct contract negotiations should therefore be prepared to provide requested information in a timely fashion and to conduct its negotiations expeditiously.

2.5.3 Failure to Enter into Agreement

If the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the City may discontinue negotiations with the top-ranked respondent and may invite the next-best-ranked respondent to enter into negotiations. This process shall continue until an agreement is finalized, until there are no more respondents remaining that are eligible for negotiations or until the City elects to cancel the RFQ process.

2.5.4 Notification to Other Respondents

Other respondents that may become eligible for contract negotiations will be so notified at the commencement of the negotiation process with the top-ranked respondent. Once an agreement is finalized and executed by the City and a respondent, the other respondents will be notified in accordance with the Terms and Conditions of the RFQ Process.

[End of Part 2]

PART 3 – TERMS AND CONDITIONS OF THE RFQ PROCESS

3.1 General Information and Instructions

3.1.1 Respondents to Follow Instructions

A respondent who submits conditions, options, variations, or contingent statements, either as part of its quotation or after receiving notice of selection, may be disqualified.

3.1.2 Quotations in English

All quotations are to be in English only.

The City and its advisers make no representation, warranty, or guarantee as to the accuracy of the information contained in this RFQ or issued by way of addenda. 3.1.8 No Guarantee of Volume of Work or Exclusivity of Contract

The contract with the selected respondent will not be an exclusive contract for the provision of the described Deliverables. The City may contract with others for goods and services the same as or similar to the Deliverables or may obtain such goods and services internally.

3.1.9 Submitted Proposal Over Budget

In the event that the successful respondent's submitted proposal comes in over budget, the City reserves the right to enter into negotiations with said respondent, including discussions to amend the scope of the work/project. If it becomes apparent to the procuring entity that the negotiations with the respondent will not result in a procurement contract the procuring entity will inform the respondent that it is terminating the negotiations. The City may then invite up to three suppliers for negotiation on the basis of their ranking.

3.1.10 City at its Discretion may do the Following

- g) Reject any bid which in the reasonable opinion of the City is dependent upon an unreliable source of supply or which involves reliance on obsolete technology and methods.

3.2 Communication after Issuance of RFQ

Respondents should promptly examine all of the documents comprising this RFQ and may direct questions or seek additional information in writing through the bidding system on or before the Deadline for Questions. No such communications are to be sent or initiated through any other means. The City is under no obligation to provide additional information, and the City is not responsible for any information provided by or obtained from any source other than the RFQ Contact or the bidding system. The City is not responsible for any misunderstanding on the part of the respondent concerning this RFQ or its process.

3.2.2 All New Information to Respondents by Way of Addenda

This RFQ may be amended only by addendum in accordance with this section. If the City, for any reason, determines that it is necessary to provide additional information relating to this RFQ, such information will be communicated to all respondents by addendum posted in the bidding system. Each addendum forms an integral part of this RFQ and may contain important information, including significant changes to this RFQ. Respondents are responsible for obtaining all addenda issued by the City.

In the event that an addendum is issued. If a Bidder submits their bid prior to this or at any time prior to the bid closing and an addendum/addenda is issued by the Owner, the Bidding System shall **WITHDRAW** their Bid submission and change their Bid submission to an **INCOMPLETE**

- ii) acknowledge the addendum/addenda; and
- iii) Ensure the re-submitted Bid is **RECEIVED** by the Bidding System no later than the Submission Date and Time as listed in the important date's section.

3.2.3 Post-Deadline Addenda and Extension of Submission Deadline

If the City determines that it is necessary to issue an addendum after the Deadline for Issuing Addenda, the City may extend the Submission Deadline for a reasonable period of time.

3.2.4 Verify, Clarify, and Supplement

When evaluating quotations, the City may request further information from the respondent or third parties in order to verify, clarify, or supplement the information provided in the respondent's quotation. The City may revisit, re-evaluate, and rescore the respondent's response or ranking on the basis of any such information.

3.3 Notification and Debriefing

3.3.1 Notification to Other Respondents

3.3.2 Debriefing

Respondents may request a debriefing after receipt of a notification of the outcome of the procurement process. All requests must be in writing to the RFQ Contact and must be made within thirty (30) calendar days of such notification. The RFQ Contact will contact the respondent's representative to schedule the debriefing. The City may disqualify a respondent for any conduct, situation, or circumstances, determined by the City, in its sole and absolute discretion, to constitute a Conflict of Interest as defined above.

An existing supplier of the City may be precluded from participating in the RFQ process in instances where the City has determined that the supplier has a competitive advantage that cannot be adequately addressed to mitigate against unfair advantage. This may include, without limitation, situations in which an existing supplier is in a position to create unnecessary barriers to competition through the manner in which it performs its existing contracts, or situations where the incumbent fails to provide the information within its control or otherwise engages in conduct obstructive to a fair competitive process.

3.4.3 Disqualification for Prohibited Conduct

In advance of a decision to suspend a supplier, the City will notify the supplier of the grounds for the suspension and the supplier will have an opportunity to respond within a timeframe stated in the notice. Any response received from the supplier within that timeframe will be considered by the City in making its final decision.

Respondents are advised that their quotations will, as necessary, be disclosed, on a confidential basis, to advisers retained by the City to advise or assist with the RFQ process, including the evaluation of quotations. If a respondent has any questions about the collection and use of personal information pursuant to this RFQ, questions are to be submitted to the RFQ Contact.

3.6 Procurement Process Non-Binding

3.6.1 No Contract A and No Claims

This procurement process is not intended to create and will not create a formal, legally binding bidding process and will instead be governed by the law applicable to direct commercial negotiations. For greater certainty, and without limitation:

- (a) this RFQ will not give rise to any Contract-A-based tendering law duties or any other legal obligations arising out of any process contract or collateral contract; and

This RFQ process is intended to solicit non-binding quotations for consideration by the City and may result in an invitation by the City to a respondent to enter into the Agreement. No legal relationship or obligation regarding the procurement of any good or service will be created between the respondent and the City by this RFQ process until the execution of a written agreement for the acquisition of such goods and/or services.

3.6.3 Non-Binding Price Estimates

While the pricing information provided in quotations will be non-binding prior to the execution of a written agreement, such information will be assessed during the evaluation of the quotations and

the ranking of the respondents. Any inaccurate, misleading, or incomplete information, including withdrawn or altered pricing, could adversely impact any such evaluation or ranking or the decision of the City to enter into an agreement for the Deliverables.

3.6.4 Cancellation

The City may cancel or amend the RFQ process without liability at any time.

3.7 Governing Law and Interpretation

These Terms and Conditions of the RFQ Process (Part 3):

- (a) are intended to be interpreted broadly and independently (with no particular provision intended to limit the scope of any other provision);
- (b) are non-exhaustive and will not be construed as intending to limit the pre-existing rights of the parties to engage in pre-contractual discussions in accordance with the common law governing direct commercial negotiations; and
- (c) are to be governed by and construed in accordance with the laws of the province of Alberta and the federal laws of Canada applicable therein.

APPENDIX B – RFQ PARTICULARS

A. THE DELIVERABLES

Background

The City of Lethbridge acknowledges that we are gathered on the lands of the Blackfoot people of the Canadian Plains and pays respect to the Blackfoot people past, present and future while recognizing and respecting their cultural heritage, beliefs, and relationship to land. The City of Lethbridge offers respect to the Metis and all who have lived on this land and made Lethbridge their home.

A comprehensive review of the parcels and addressing processes has identified significant challenges, including:

- Lack of addressing standards and governance.
- Disconnects between ROLLS, parcels, and spatial data.
- Insufficient categories in Tempest, affecting Emergency Services' accuracy.
- Manual, error-prone processes.
- Siloed responsibilities and unclear accountabilities.
- Gaps in data sharing and integration with Emergency Services systems.

Addressing these issues is critical to ensuring timely and accurate emergency services response, improved operational efficiency, and compliance with CLDFX-CA requirements.

Scope

Successful proponent shall follow a phased approach and provide price and estimated timeline per phase:

 - Developing and implementing standardized addressing protocols.
 - Enhancing integration between addressing data and spatial systems.
 - Improving automation and reducing manual errors.
 - Defining a centralized source of truth and RACI chart for addressing processes.

 - Addressing standards and workflows.
 - Data governance framework, including roles and responsibilities (RACI).
 - Processes for integrating and automating updates to addressing, parcels, and street network.
 - Recommendations for Tempest configuration.
 - Procedures for capturing and sharing data with AMDSP and other stakeholders.
 - A communication plan to ensure interdepartmental collaboration and training.

 - Implement automation for updating GISLINK attributes and ROLL numbers.
 - Configure or recommend improvements for Tempest.
 - Create processes for 3D data management and unit-level addressing.

From a March 5, 2025 Government of Alberta release: "As part of its non-tariff retaliatory measures, Alberta is altering its procurement practices to ensure Alberta's government, as well as agencies, school boards, Crown corporations and

Alberta municipalities, purchase their goods and services from Alberta companies, Canadian companies or countries with which Canada has a free trade agreement that is being honored.”

G. PRICE EVALUATION METHOD

Pricing is worth thirty (30) points of the total score.

Pricing will be evaluated based on pricing submitted on Schedule 1 – Pricing – COL-26-008.

Each respondent will receive a percentage of the total possible points allocated to price. For example, if a respondents total cost is \$100,000 and that is the lowest bid price, that respondent receives 100% of the possible points ($100,000/100,000 = 100\%$). A respondent who bids \$150,000 receives 67% of the possible points ($100,000/150,000 = 67\%$), and a respondent who bids \$240,000 receives 42% of the possible points ($100,000/240,000 = 42\%$).

Lowest price

Second-lowest price

x Total available points = Score for proposal with second-lowest price

Lowest price

Third-lowest price

x Total available points = Score for proposal with third-lowest price

And so on, for each proposal.
